New Erismann collection "COLOUR STORIES"

Dare to show your colours – non-woven wallpapers in 31 stunning shades

The *PURISM* trend is multi-faceted. In keeping with the motto "less is more", the focus is firmly on clear-cut structures. To compliment this trend, the Colour Stories collection offers 31 contemporary single colour wallpapers boasting the very finest structures in all conceivable vibrant and earthy colours

With the Colour Stories non-woven wallpapers, colourless walls are now old news. Timeless, plain structures in all the colours of the rainbow means the skies the limit when it comes to expressing creativity. Fine, matt structures and single blocks of contemporary shades in a limestone look create a stylish and modern impression.

The calming silver and earthy nuances complement the hot shades of red, blue and green. The non-woven wallpapers make a truly sophisticated impression with their refined effects and beautiful haptics which give every room an elegant charm. The collection is introverted yet simultaneously vibrant and refined.

With its radiant colours, subtle effects and the very finest limestone structures, the Colour Stories collection is absolutely on-trend
