New Erismann Collection „TIMELESS“

Timeless elegance – a valid living style

The timelessly elegant living style is perfect for all those who prefer durable living as opposed to a potentially short-lived trend. Following the motto “my home is my castle”, the interior design should preferably evade almost any quickly changing fashion trends. The motto here stands for unobtrusive, yet stylish and pleasing. Of course, this also applies to the walls. The TIMELESS collection offers particularly well-fitting wallpaper designs for a timeless design on the walls.

Decorated details, glamorous nature and a sophisticated pattern make the TIMELESS collection strikingly elegant. Subtle lustrous appliqués and a vintage touch emphasise the designs’ glamorous look.

The two graphic motifs have a timelessly modern effect, subtly and almost effortlessly transforming rooms into exquisite living worlds. Whether a linear 3D look or playful circles with an ethnic style – in combination with the collection’s introverted colour worlds, the motifs give a graceful and multifaceted effect.

The passion for detail is also reflected in a delicate leafy pattern, which conjures up an exotic feel on the wall thanks to its bamboo look. The delicate leaves give a light, airy effect, as if they are swaying in the wind on the wall.

Until: 2022 | Material: 32 Paste the wall wallcoverings
