New Erismann collection “DARLING”

Soft and airy

Floral harmony – this is the current living trend characterised by blossom motifs in a wide variety of facets with great attention to detail. The new DARLING wallpaper collection fits in perfectly with this charming interior style.

Elegant water lilies in subtle colour combinations exude timeless sensuality and are reminiscent of warm summer days. The airy wave pattern is stylish and graceful, and gives rise to a gentle stripe motif using two harmonious colours. Soft grasses and blossoms playfully meander along the walls, while dreamy aviaries conjure up pure romance in the rooms.

Perfectly staged colour worlds in dreamy magnolia, fresh bamboo green or sophisticated dark blue emphasise the relaxing atmosphere. The structural effects are impressively soft and matt, and also feel great to touch.

Regardless of the motif or colouring chosen, DARLING gives rooms a transformation full of charm.
